

**Registered Nurses &
Registered Practical Nurses**

St. Peter's Hospital, the leader in providing a continuum of service and care for older adults and the chronically ill, is a 250-bed chronic care hospital providing inpatient, outpatient, community based programs and services. The hospital offers five specialty programs-Behavioural Health, Community Services, Complex Continuing Care, Palliative Care and Rehabilitation. Ours is an environment in which research and development is promoted and educational opportunities are supported.

We are currently seeking enthusiastic, committed, individuals for Part Time, Full Time and Permanent Relief assignments.

All permanent Part Time and Full time positions are posted internally, providing opportunities for relief staff, if they wish, to obtain regularly scheduled positions.

If you are interested in a gerontology nursing career, opportunities exist.

We offer:

- A comprehensive orientation
- Mentoring by our Nursing Leaders
- Competitive salaries which include recognition for past RN experience
- Shift premiums for evening and night shifts
- Research and education opportunities
- Opportunities for evidence-based nursing practice
- An environment that fosters professional growth
- Interdisciplinary team work

If you are interested in joining our committed health care team, please apply with resume and covering letter specifying preferred position via the posted method.

Applicants selected for interview will be contacted by telephone; please indicate if you have a preferred contact number and time.
